

Period Project NC Email to Admin Template

Subject: Request for free menstrual products in school bathrooms
CC: periodprojectnc@gmail.com

Hello {Admin Name},

My name is {Your Name} and I believe our school should provide free menstrual products in the girl's bathrooms. Menstrual products are a necessity for female hygiene and having them be provided at school would support a health learning environment.

Period Project NC is a student led 501c3 non-profit organization that provides free menstrual pad dispensers in high school bathrooms. They have successfully installed free period pad dispensers at numerous schools so far.

Would it be possible for our school to have conversations with Period Project NC so that menstrual products can be free in the future. This would be a great point of pride for our school! Let me know what you think!

Thanks and take care,
{Your Name}
